## Mathematics test

# Paper 2

## Calculator allowed

First name \_\_\_\_\_

Last name \_\_\_\_\_

School \_\_\_\_\_

### Remember

- The test is 45 minutes long.
- You **may** use a calculator for any question in this test.
- You will need: pen, pencil, rubber, ruler, angle measurer or protractor and a calculator.
- This test starts with easier questions.
- Try to answer all the questions.
- Write all your answers and working on the test paper – do not use any rough paper. Marks may be awarded for working.
- Check your work carefully.
- Ask your teacher if you are not sure what to do.

For marker's use only

## Instructions

### Answers

This means write down your answer or show your working and write down your answer.

### Calculators

You **may** use a calculator to answer any question in this test.

1 Which of these coins make **exactly** £1.10?

Tick (✓) them.

1 mark

2 Look at the shape.

What **fraction** of the shape is shaded?

1 mark

3

The table shows how many people visit a museum in five weeks.

Week	Number of visitors	Rounded to the nearest hundred
1	453	500
2	328	
3	557	
4	299	
5	356	

1 mark

(a) Complete the table above by rounding each number to the **nearest hundred**.

The first one is done for you.

(b) Now use the **rounded values** to complete the bar chart below.

The first bar is done for you.

2 marks

4

Tick (✓) the best estimate for each of the following.

(a) The height of a door.

☐

2 millimetres

☐

2 centimetres

☐

2 metres

☐

2 kilometres

1 mark

(b) The length of a pen.

☐

14 millimetres

☐

14 centimetres

☐

14 metres

☐

14 kilometres

1 mark

(c) The distance between Leeds and Manchester.

☐

64 millimetres

☐

6

Here is part of a number grid.

1	2	3	4	5	6
7	8	9	10	11	12
13	14	15	16	17	18
19	20	21	22	23	24

(a) What number is in the square **below** the number **24**?

\_\_\_\_\_

1 mark

(b) Here is another part of the **same grid**.

Write in the missing number.

1 mark

7

Raj is making a cake.

He pours 275ml of milk into a jug.

(a) Draw a line on the jug to show the level of milk.

1 mark

(b) The scales below show how much flour he uses.

How much flour does Raj use?

\_\_\_\_\_ g

1 mark

- (c) Raj put the cake in the oven at 4:00pm.  
He took the cake out of the oven after  $1\frac{1}{2}$  hours.

At what time did he take the cake out of the oven?

\_\_\_\_\_ pm

1 mark

8

Look at the number line below.

Write the missing number in the box.

1 mark

9

This question is about the number of bags of sugar you could buy with £10

**Key:**  = 4 bags

Year	Number of bags
1995	   
1999	    

(a) In 1995 you could buy 16 bags of sugar.

How many bags of sugar could you buy in **1999**?

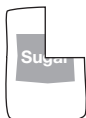

1 mark

(b) In 2003 you could buy 9 bags of sugar.

**Which drawing** below represents **9 bags** of sugar?

Tick (✓) the correct drawing.

1 mark

- 10 (a) Write the missing number.

26

×

=

624

1 mark

- (b) Now write what the missing numbers below could be.

**Each** number must be **greater than 10**

×

=

312

1 mark

11

Here are three T-shapes drawn on centimetre square grids.

(a) The three T-shapes fit together to make shape A.

Show the three T-shapes on the diagram below.

shape A

1 mark

(b) What is the **total area** of shape A?

\_\_\_\_\_ cm<sup>2</sup>

1 mark

12

Look at the triangle.

(a) Measure accurately length  $c$

$c = \underline{\hspace{2cm}} \text{ cm}$

1 mark

(b) Measure accurately angle  $k$

$k = \underline{\hspace{2cm}}^\circ$

1 mark

13

Look at the fraction diagram.

Write the missing numbers in the boxes below.

$$\boxed{1} = \frac{\boxed{\phantom{000}}}{\boxed{6}}$$

1 mark

$$\frac{\boxed{1}}{\boxed{2}} = \frac{\boxed{\phantom{000}}}{\boxed{6}}$$

1 mark

$$\frac{\boxed{\phantom{000}}}{\boxed{3}} = \frac{\boxed{4}}{\boxed{6}}$$

1 mark

14

All the hexagons in this question are the same size.

Each side of a hexagon is **1cm** long.

(a) I put **two hexagons** together to make this shape.

What is the **perimeter** of the shape?

\_\_\_\_\_ cm

1 mark

(b) I put three hexagons together to make different shapes.

Shape **A**

Shape **B**

Which shape has the **smaller** perimeter?

Tick (✓) the correct box.

☐

A

☐

B

☐

Both the same

Explain how you know.

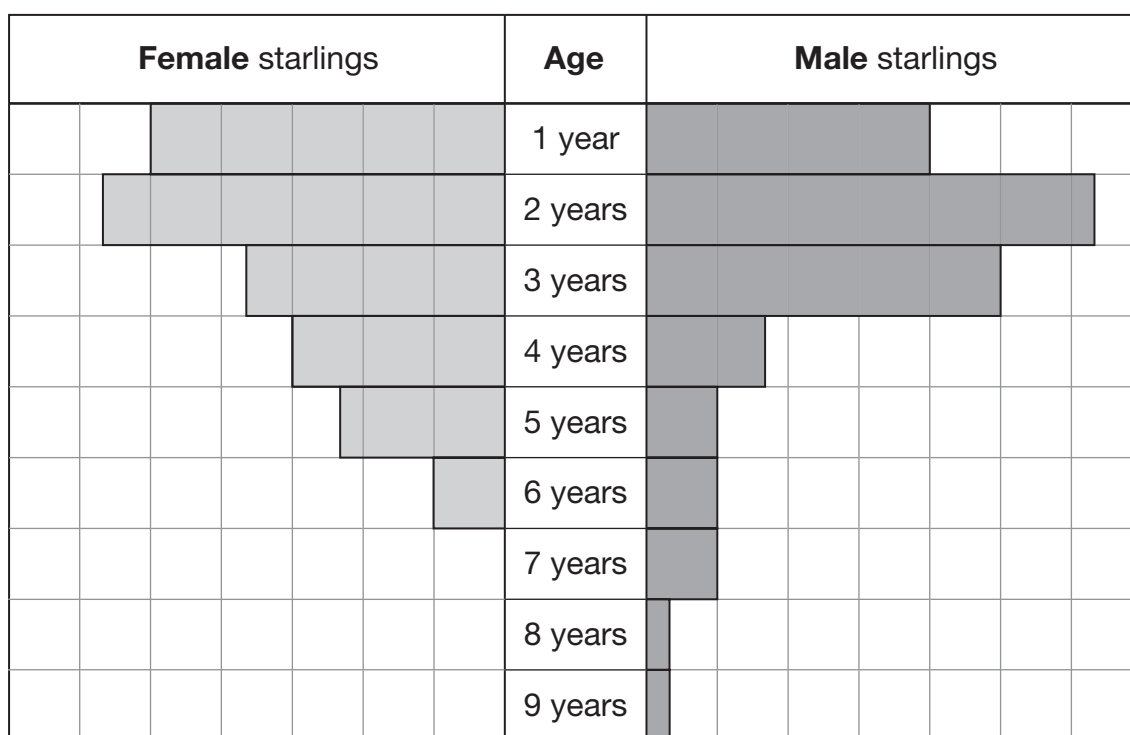

1 mark

☐

15

Starlings are birds that live in groups.

The chart shows the **ages** of a group of starlings.

In the chart, each square represents **3** starlings.

(a) How many **female** starlings are aged **4 years**?

\_\_\_\_\_ female

1 mark

(b) How many **male** starlings are aged **4 years**?

\_\_\_\_\_ male

1 mark

(c) More male starlings than female starlings are aged **6 years or older**.

How many more?
