## GCSE

## Higher Tier Chemistry 1H

## Specimen 2018

Time allowed: 1 hour 45 minutes

## Materials

For this paper you must have:

- a ruler
- a calculator
- the periodic table (enclosed).

## Instructions

- Answer all questions in the spaces provided.
- Do all rough work in this book. Cross through any work you do not want to be marked.

## Information

- There are 100 marks available on this paper.
- The marks for questions are shown in brackets.
- You are expected to use a calculator where appropriate.
- You are reminded of the need for good English and clear presentation in your answers.
- When answering questions $02.3,05.2,08.5$ and 09.4 you need to make sure that your answer:
- is clear, logical, sensibly structured
- fully meets the requirements of the question
- shows that each separate point or step supports the overall answer.

## Advice

In all calculations, show clearly how you work out your answer.

Please write clearly, in block capitals.
