EXAMINER'S COMMENTS

Overall Areas of Success

The student performed the **best** in the following **three areas**:

- Showing comprehension of the writer's methods.
- Selecting quotes efficiently in order to support their argument.
- Writing an in-depth answer to the creative task that used imagery incredibly well.

Overall Areas for Improvement

The student **struggled** the most in the following **area**:

- Making sure that all answers have been written in sufficient depth.
- Including a variety of complex terminology.
- Ensuring that the content of their answer does not become repetitive.

Overall Comments and Advice:

The student performed very well on this practice paper.

Since the student passed this practice paper, they should feel reasonably confident in passing their real exam on the next attempt.

I would advise that the student continues to revise, particularly on the areas highlighted in the exam feedback.

The student should also continue to practice exam style questions to further refine and develop their exam technique, and give them the highest chance at earning the best possible grade.
