ACCESS LAND

DANGER AREA	Firing and test ranges in the area. Danger! Observe warning notices	MANAGED ACCESS	Access permitted within managed controls, for example, local bylaws.
England and Wales		Scotland	
Access information point		National Trust for Scotland, always open	
Access land		National Trust for Scotland, limited access – observe local signs	
Access land in wooded area within sand		Forestry and Land Scotland, normally open – observe local signs	
Coastal margin		Woodland Trust Land	

Portrayal of access land on this map is intended as a guide to land normally available for access on foot, for example access land created under the Countryside and Rights of Way Act 2000, and land managed by the National Trust, Forestry Commission, Woodland Trust and Natural Resources Wales.

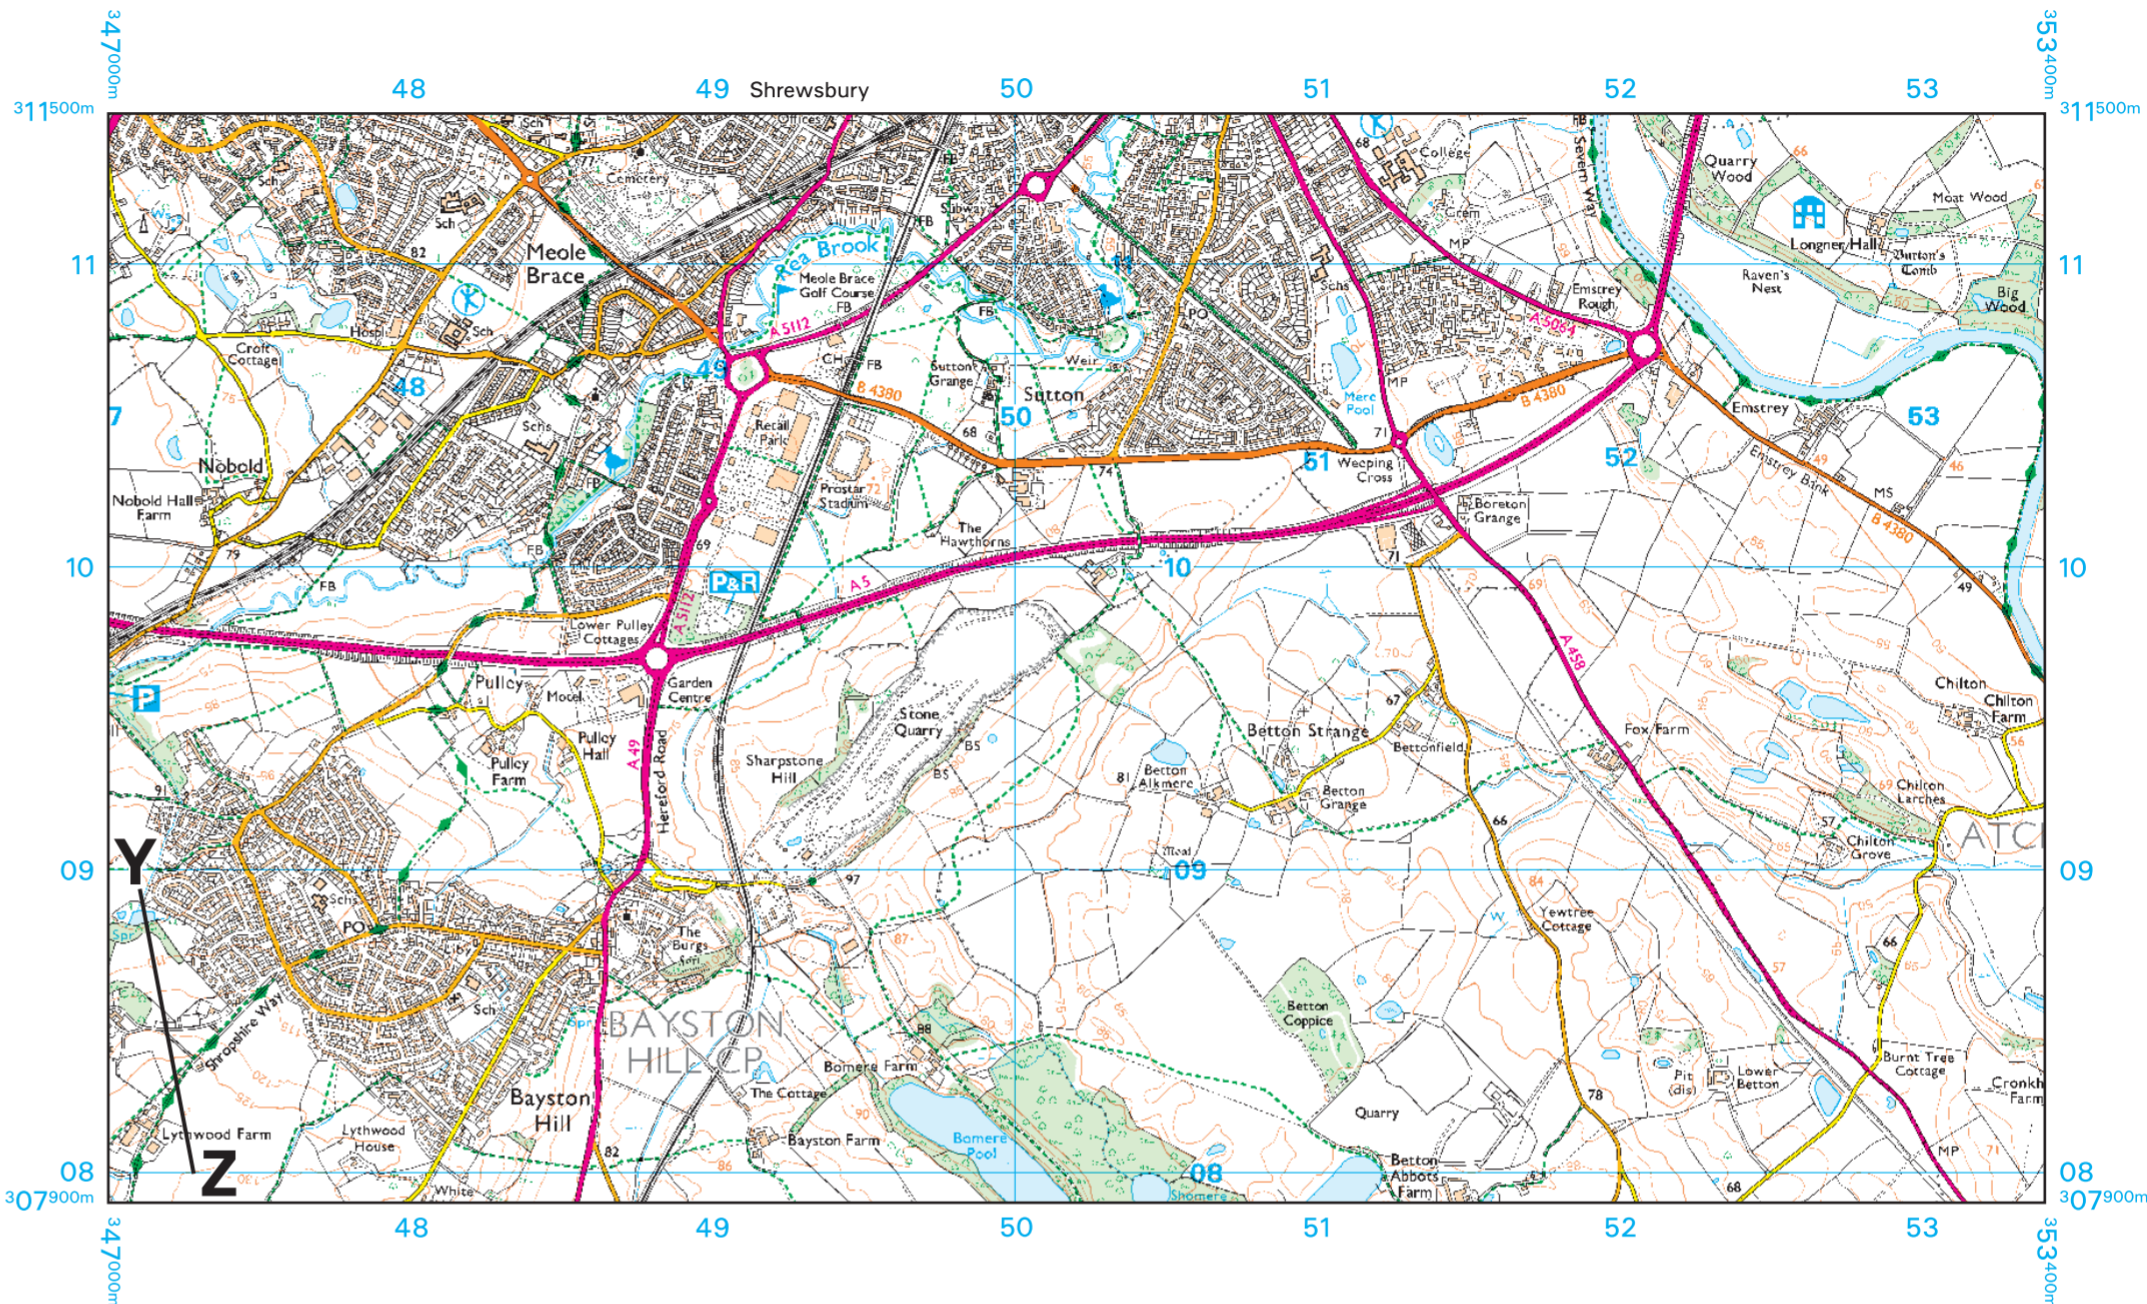

Access for other activities may also exist. Some restrictions will apply; some land will be excluded from open access rights.

The depiction of rights of access does not imply or express any warranty as to its accuracy or completeness. Observe local signs and follow the Countryside Code.

In Scotland, everyone has access rights in law (Land Reform Scotland Act 2003) over most land and inland water, provided access is exercised responsibly. This includes walking, cycling, horse-riding and water access, for recreational and educational purposes, and for crossing land or water. Access rights do not apply to motorised activities, hunting, shooting or fishing, nor if your dog is not under proper control.
